

Spoorthi Gopu

ADOBE MARKETO CONSULTANT

Phone: +1 571 601 0821 | Email: spoorthi6918@gmail.com | Fort Wayne, Indiana

PROFESSIONAL SUMMARY :

- Results-driven Senior Adobe Marketo Specialist & Marketing Automation Expert with over 5 years of hands-on experience in designing, implementing, and optimizing multi-channel B2B marketing campaigns across email, web, and events. Proven ability to leverage Adobe Marketo, Smart Campaigns, Smart Lists, Tokens, Snippets, Program Templates, Dynamic Content, and Engagement Programs to deliver scalable automation workflows that drive lead generation, engagement, and revenue growth.
- Skilled in building responsive and dynamic email templates, landing pages, and forms using HTML5, CSS3, JavaScript, and Velocity Script, ensuring consistent branding, personalization, and cross-device compatibility. Adept at integrating Marketo with Salesforce CRM, Google Analytics, ZoomInfo, LinkedIn Ads, ON24, Zoom, and other third-party platforms via REST/SOAP APIs, Webhooks, and custom connectors, enabling real-time data synchronization, campaign attribution, and analytics-driven decision-making.
- Expert in lead lifecycle management, including lead scoring, segmentation, nurturing, and routing, improving MQL-to-SQL conversion rates and pipeline quality. Strong background in data management, cleansing, enrichment, and normalization using SQL, Python, and Excel, ensuring accurate and actionable insights for segmentation and reporting.
- Proficient in campaign performance measurement, developing Power BI and Marketo Revenue Cycle Explorer (RCE) dashboards, analyzing conversion funnels, engagement metrics, and ROI, and presenting data-driven recommendations to executive and sales teams. Experienced in A/B and multivariate testing, campaign optimization, and troubleshooting complex automation workflows to continuously enhance campaign effectiveness.
- Demonstrated ability to ensure regulatory compliance with GDPR, CAN-SPAM, CASL, CCPA, managing consent workflows, subscription preferences, and audit mechanisms. Highly collaborative, working closely with Sales, Operations, IT, Analytics, and Design teams to improve customer journeys, optimize marketing-to-sales alignment, and enhance overall marketing automation maturity.
- Recognized for implementing scalable automation frameworks, clean coding standards, workflow optimizations, and dynamic content personalization, consistently delivering measurable improvements in campaign engagement, lead quality, and ROI. Passionate about driving innovation in marketing automation, leveraging data-driven strategies, and empowering teams to achieve strategic business objectives.

- **Data Management & : Automation** SQL, Excel (Advanced), Data Segmentation, Lead Import Automation, Data Cleansing, Deduplication, Normalization Scripts, Data Enrichment, Progressive Profiling, Database Hygiene, Workflow Optimization
- **Analytics & Reporting :** Marketo Revenue Cycle Explorer (RCE), Marketo Analytics, Adobe Marketo Analytics, Adobe Marketo Launch (Tag Management), Power BI, Google Analytics, UTM Tracking, Campaign Attribution Models, Conversion Funnel Analysis, KPI & ROI Reporting, Performance Dashboards
- **Compliance, Governance & : Administration** GDPR, CAN-SPAM, CASL, CCPA, Double Opt-In, Subscription Preference Centers, Consent Management, Workspace & Partition Setup, User Management, Asset Governance, Instance Maintenance & Optimization
- **Collaboration, Project & : Version Control Tools** Jira, Confluence, Asana, Trello, Slack, Microsoft Teams, GitHub, Bitbucket, Cross-functional Team Collaboration, Agile Project Management

EDUCATION

- **Master of Science in Information Systems**
Indiana Institute of Technology, Fort Wayne,
- **Bachelor of Technology in Electronics and Communication Engineering**
Swami Vivekananda Institute of Technology,

PROFESSIONAL EXPERIENCE

Senior Marketo Specialist

Critical River – Pleasanton, CA | Oct 2024 – Present

- Designed, implemented, and managed end-to-end B2B marketing automation workflows in Adobe Marketo using Smart Campaigns, Smart Lists, program templates, and integrated tracking through **Adobe Launch** for event triggers and audience targeting.
- Developed and optimized lead scoring, segmentation, and nurturing programs using behavioral and demographic data, leveraging insights from **Adobe Analytics** to prioritize high-value prospects and improve MQL-to-SQL conversion rates.
- Integrated Marketo with Salesforce CRM and external systems via REST/SOAP APIs, Webhooks, and custom connectors, while enabling **Adobe Analytics Web SDK** and Launch tag configurations for unified data collection and attribution.
- Automated marketing processes using Flow Actions, Tokens, Dynamic Content, reusable templates, and Launch rules to streamline tag firing, consent logic, and event-level personalization.
- Built responsive, personalized email templates, landing pages, and forms with HTML5, CSS3, JavaScript, and Velocity Script, incorporating **Adobe Launch data layers** and analytics tracking to measure engagement and conversion behavior.
- Developed custom integrations and automated data workflows through Marketo APIs and REST endpoints, and coordinated with **Adobe Launch tag management** to deploy and validate tracking pixels, scripts, and third-party tags.
- Created advanced marketing dashboards and performance reports using Power BI, **Adobe Analytics dashboards**, and Marketo Revenue Cycle Explorer (RCE), providing actionable insights on ROI, funnel metrics, and user behavior.
- Ensured data accuracy and readiness through SQL and Python-based data cleansing, normalization, and enrichment, supporting effective segmentation, reporting, and Adobe Analytics behavioral insights.
- Configured UTM tracking, campaign tagging, Adobe Launch rules, and custom data-layer parameters to deliver precise attribution, lead-source analysis, and consolidated reporting across Marketo, Salesforce, and **Adobe Analytics**.
- Ensured regulatory compliance (GDPR, CAN-SPAM, CASL, CCPA) by configuring **OneTrust consent management**, Adobe Launch consent mode, and conducting A/B and multivariate testing, while collaborating with Sales, Operations, and IT teams to troubleshoot campaign, integration, and tag issues for continuous optimization.

Marketo Automation Specialist

Konnektu Technologies – Hyderabad, India | May 2019 – April 2023

- Executed multi-channel B2B demands generation campaigns across email, landing pages, events, and webinars using Marketo Engagement Programs and Smart Campaigns, driving lead acquisition and pipeline growth.
- Designed and automated event workflows and registration processes using Marketo Program Templates, custom triggers, and integrations with platforms like ON24 and Zoom, ensuring seamless lead capture and follow-ups.
- Built context-driven lead nurturing programs with engagement streams, conditional logic, and wait steps, improving email open and click-through rates.

- Implemented dynamic content personalization using tokens, snippets, and Velocity Script variables, reducing manual setup while enhancing campaign relevance.
- Configured audience segmentation and Smart Lists to target prospects accurately by region, industry, and buyer persona, supporting precision marketing.
- Developed SQL-based data cleansing scripts to eliminate duplicates, normalize fields, and optimize segmentation for global marketing databases.
- Enhanced landing pages with JavaScript-driven dynamic forms, including prefill logic, progressive profiling, and validation to improve user experience and lead quality.
- Integrated Marketo with Salesforce, Google Analytics, and other CRM/analytics platforms using REST APIs and webhooks, providing unified performance tracking and attribution.
- Built advanced dashboards in Power BI and Marketo Revenue Cycle Explorer (RCE) to visualize multi-channel performance, conversion funnels, and campaign ROI for stakeholders.
- Maintained regulatory compliance (GDPR, CAN-SPAM, CASL), implemented consent workflows, and conducted A/B and multivariate testing to optimize campaign effectiveness and lead scoring strategies.
